

PRESS RELEASE STATEMENT – BIG 5 HVAC World 2025

Aerolam Insulations Private Ltd., is a leading player in chemically closed cell, cross-linked polyolefin foam product (XLPE) for the HVAC segment. Our product is available in rolls, sheets, pipes with foil and self-adhesive backing.

The company has three manufacturing units catering to India, Middle East and Africa Markets. We are now in the process of setting up a new manufacturing unit in Bahrain as the GCC Region continues to grow with greater energy efficiency awareness.

The commitment towards quality and compliance of our products is paramount and hence we have all international standards certification in place related to thermal conductivity, fire performance and moisture absorption.

Aerolam plans to diversify into new territories with our latest range of products and deliver complete solution to HVAC segment.
