ERA Group is one of the largest manufacturers of ventilation equipment

ERA Group is one of the largest manufacturers of ventilation equipment in Russia and worldwide. The company participates annually in international exhibitions.

At the company's booth, models of household and commercial fans, air distributors, as well as new product innovations will be showcased. Representatives of ERA Group plan to hold negotiations with existing partners and discuss ways to interact with new clients during the exhibition.

Our company has been operating in the market since 1997. ERA Group products under the brands DICITI, ERA, AURAMAX, EVECS, and ERA PRO can be found on store shelves in dozens of countries around the world and on marketplace platforms. The product range includes everything from simple plastic grilles to "smart" devices.

ERA Group's products are supplied to more than 74 countries across Europe, Asia, Africa, and South America. The supply geography covers almost all continents. The assortment exceeds 3,000 items. According to the research, ERA Group became the leading exporter of household fans in Russia. *

* According to the study “Analysis of the Domestic Fans (Wall-Mounted and Duct) Market in Russia” conducted by the Discovery Research Group marketing agency in 2025, ERA Group (ERA LLC) ranked first in the production, sales volume, and export of domestic fans in both physical and value terms for 2024.
